Respectfully submitted,

JOHN U. BOODEY, Treasurer.

We hereby certify that we have examined the foregoing accounts and find them properly vouched and correctly cast.

AUSTIN L. CALEF,

LEVI H. BUZZELL,

Auditors. \

REPORT OF THE SCHOOL BOARD.

TO THE PARENTS AND CITIZENS OF BARRINGTON:

The following report is hereby submitted by the school board:

Eight schools, (the same number as last year) have been maintained, with results meeting the approval of the board as a whole. There has been an average of thirty weeks in each school except where a week lost last year had to be made up.

The attendance has been very good, yet there is still room for improvement. We sincerely wish that each pupil would strive for perfect attendance, and that our report next year might show a long list of names on the "Roll of Honor."

No changes in text books have been made during the year, but the supply had to be supplemented by purchasing histories, arithmetics, geographies and primers.

Repairs of a minor character have been made at Oak Hill, Green Hill, Winkley and Swain schools. The appearance of the France school house has been greatly enhanced by the installation of new windows which were long needed.

Some of the buildings at Oak Hill and Pond Hill will, doubtless, be shingled prior to the opening of the Spring term of school, the shingles having been already purchased.

Some of the buildings are in need of a new outside coat of paint; inside freshening is needed in almost all of them, the walls and ceilings being badly discolored by smoke, due to imperfect draught of chimneys or other causes.

Several flags are still needed to meet the requirements of law concerning same, and this the board hopes to remedy during the next fiscal year.

Again we urge parents and citizens to familiarize themselves with the work that is being accomplished in our schools by frequent visits, at the same time stimulating both teacher and pupils to greater effort. The greater the co-operation between parents, citizens, school board, teachers and pupils the larger and more gratifying will be the results.

Receipts and Expenditures of School Board for the Fiscal Year Ending February 15, 1915.

RECEIPTS.
